

Australian Women in Agriculture 2015 National Conference

Field Trip A: Food security in the Centre **Friday 7 August 2015**

8:00 AM – 3:15 PM

Are you keen to experience the landscape of central Australia through the eyes of a local?

We will be guided by staff from the Department of Primary Industry and Fisheries (NT Government), Centralian Land Management Association, and local pastoralists as we visit both the Arid Zone Research Institute and the Old Man Plains Research Station.

You will experience first hand some of the different productive landscapes of Central Australia, gain an insight into innovative cattle management practices using technology, hear how aboriginal women are developing medicinal products using traditional knowledge and learn how young people are building skills to grow their careers in agriculture!

What will be provided?

- Expert guides, return transport, morning tea and lunch

What to bring?

- Wear suitable walking shoes, water bottle and be sun smart!

BOOKINGS ESSENTIAL MAX 50 PEOPLE
